Glossary

Add Glossary

Accident Indicator
Provides basic information about accidents in all 50 states, the District of Columbia and Canada.

Brands
Title terms reported to CARFAX. An owner alerts you that a vehicle's title has been branded. Additional details are added to the CARFAX Vehicle History Report. CARFAX recommends that you have a trained professional inspect any vehicle before you buy it.

Damage Indicator
Damage = any damage. Loss = Flood / Hail / Lemon. Damage events are reported to CARFAX by participating auto auctions and insurance companies.

Odometer Brands
Mechanical Limit, Exempt, Non-Mechanical Limit.

Open Recall
Recalls are issued by vehicle manufacturers when they determine that a vehicle poses an unreasonable safety risk or fails to meet minimum safety standards. Recalls are issued to correct safety defects or safety compliance issues. Recalls are free of charge and are performed by dealers. Recalls are reported to CARFAX by the National Highway Traffic Safety Administration (NHTSA).

Service Info
Service info is reported to CARFAX by participating dealers and service centers. Service info may include routine maintenance, such as oil changes, or major repairs.

Structural Damage
Structural damage is a term that describes vehicle inspections by a collision repair specialist.

Theft Check
The theft has reported to CARFAX.

Title Issues
Title issues are reported to CARFAX by participating DMVs. Title issues may include salvage, junk, rebuilt, flood, lemon, hail, and odometer rollback.

Total Loss
A total loss is a vehicle that has been damaged to the point that the cost of repairs exceeds the value of the vehicle. Insurance companies usually total a vehicle when the cost of repairs exceeds 75% of the vehicle's value.

Warranty
Basic warranty coverage is likely expired.

Damage Severity
Damage events result in one of the following severity levels:

- Minor: Generally, minor damage is cosmetic (including dents or scratches), may only require reconditioning, and typically does not compromise a vehicle's operation and/or safety.
- Moderate: Moderate damage may affect multiple components of the vehicle and may impair the vehicle's operation and/or safety.
- Severe: Severe damage usually affects multiple components of the vehicle and is likely to compromise the vehicle's operation and/or safety.

CARFAX recommends getting a pre-purchase inspection at a certified collision repair facility.

First Owner
When the first owner(s) obtains a title from a Department of Motor Vehicles as proof of ownership.

Ford or Lincoln Mercury Recall
The Ford Motor Company provides CARFAX with Field Service Action and recall information regarding safety, compliance and emissions programs announced since 2000 for a specific vehicle. For complete information regarding programs or concerns about this vehicle, please contact a local Ford or Lincoln Mercury Dealer.

New Owner Reported
When a vehicle is sold to a new owner, the Title must be transferred to the new owner(s) at a Department of Motor Vehicles.

Ownership History
CARFAX defines an owner as an individual or business that possesses and uses a vehicle. Not all title transactions represent changes in ownership. To provide estimated number of owners, CARFAX proprietary technology analyzes all the events in a vehicle history. Estimated ownership is available for vehicles manufactured after 1991 and titled solely in the US including Puerto Rico. Dealers sometimes opt to take ownership of a vehicle and are required to in the following states: Maine, Massachusetts, New Jersey, Ohio, Oklahoma, Pennsylvania and South Dakota. Please consider this as you review a vehicle's estimated ownership history.

Service Campaign
Automobile manufacturers issue a service campaign to address product technical issues that may not be related to safety or emissions standards. These issues are typically customer satisfaction initiatives.

Title Issued
A state issues a title to provide a vehicle owner with proof of ownership. Each title has a unique number. Each title or registration record on a CARFAX report does not necessarily indicate a change in ownership. In Canada, a registration and bill of sale are used as proof of ownership.
